# ERRATA TO

## THE SUBCONTINUA OF $\beta[0,\infty)-[0,\infty)$

By Michel Smith, Vol. 11, 385-413

Corollary M8 should read: *Let  $u \in N^*$ . If  $y \in A_u$  and  $O$  is an open set in  $\beta X$  containing  $y$  then there exist  $s^1$  and  $s^2$  in  $\Omega$  so that  $A(u, s^1) < y < A(u, s^2)$  and*  

$$L(u) - (\overline{P(u, s^1)} \cup \overline{Q(u, s^2)}) \subset O \cap L(u),$$
  
*equivalently  $P(u, s^2) \cap Q(u, s^1) \subset O \cap L(u)$ .*

Corollary M10, proof, line 4 should read:

$$L(u) - (\overline{P(u, s^1)} \cup \overline{Q(u, s^2)}) \subset O \cap L(u).$$

Corollary M12: " $t < s$ " should read " $A(u, t) < A(u, s)$ "  
in lines 2 and 3.
